

Welcome to July eNews

A MESSAGE FROM THE PRESIDENT

What spectacular weather in South East Queensland at present! Some exciting news to report – at the June meeting the Management Committee approved the purchase of a new Scan Pro – as many who visit the premises are aware, the old machine has not operated well for some time and has caused a good deal of frustration for many GSQ members. The new machine has been ordered – has to come from USA – we're hoping it's up and running by the time the August eNews hits the "News Stands." Another decision from the latest Management Committee concerns the Acknowledgement of Country statement which is to be adopted across a number of forums – in Generation and as part of meetings, whether they be face to face or via Zoom. All those who will be required to implement this change will be advised.

GSQ's first Bunnings Barbecue for some time is to be conducted this coming **Saturday, 2 July**. This will be a major fundraising event for GSQ. Currently, more helpers are needed for the 11.00am – 2.00pm time slot. If able to assist, please contact Convenor, Bob Dean by emailing him at bd@gsq.org.au. There is also a possibility that GSQ may have a Display Stand at this year's Mt Gravatt Show being held on Saturday 23 and Sunday 24 July. Keep the date in mind. We'll call for volunteers once our participation is confirmed.

Currently, a Review of the Public Records Act is being undertaken. GSQ will be part of this review through my attendance at meetings and participation in a survey. Members will be provided with further information as it becomes available.

A Committee is working to make this year's Open Day a very good one. Have you marked **Saturday 27**

August on your calendar as a day to go to GSQ?? As well as the usual Displays by the State Library of Queensland, the National and State Archives and our wonderful Special Interest Groups, (SIGs) we're planning to have short talks on various aspects of family history research. Research Assistants will be available to assist you with solving some of your Family History puzzles. On that day the Quilt Raffle is to be drawn – this Quilt has been made by Gail Dean and is an absolutely beautiful and valuable piece of work. Tickets are on sale now on our website and at GSQ and will be sold at Open Day itself, with Tickets priced at \$2.00 each.

Containers for Change - We Need You!

GSQ has entered into a fundraising arrangement with CONTAINERS FOR CHANGE that **every member** can participate in.

By collecting your recyclable containers, glass or plastic bottles, poppers and /or cans and recycling them the funds can be credited to GSQ fund raising account. GSQ has set a target of \$7,029 to purchase a MaxiHub. This requires us, collectively, to return 70,290 containers.

Containers can either be taken to a recycling depot see <https://www.containersforchange.com.au/qld/where-to-return> for details of your closest depot

OR arrange for a home collection see <https://www.containersforchange.com.au/qld/container-collect> for details.

You can copy these details into your phone. Look out in eNews for monthly updates.

GSQ's Scheme ID is: C10659195

COMMITTEE SNIPPETS

Points from June Management Committee:

- Scanpro2500 to be purchased;
- 6 monthly meetings to be conducted with SIG Convenors in September and March each year;
- GSQ to have input into Public Records Act;
- Planning for Open Day on 27 August underway;
- Acknowledgement of Country to be included across number of GSQ forums.

Stories about the EKKA ...

The Registry of Births, Deaths and Marriages (RBDM) are currently planning our next Family History bulletin and would like to invite GSQ members to submit an article.

This theme will be all things Ekka. We are looking for stories that take us on a journey of the times around the Ekka and/or during the Ekka, how

the Ekka may have changed a life, or alternatively even an interesting story of a time around Ekka time where something went right/wrong or unexpectedly! Please note, there will be a 500 word limit in the article.

Would you please email your submissions to bdmmarketing@justice.qld.gov.au by COB 18 July.

Exciting News

Our GSQ Wednesday Morning Zoom Group is pleased to announce that GSQ Members will soon have access to the online section of the Society of Genealogists (UK) collection thanks to their sponsoring GSQ as a member. This will be available on our GSQ computers in the rooms at Wishart and the licence is for one user at a time, similar to some of our other paid subscriptions.

In order to assist members in how to use the Society catalogue and access their extensive online collection, a presentation has been set up which will be free and available for GSQ Members (only) at 7pm on Thursday 22 July 2022 AEST. The session will be presented live by well-known genealogist Else Churchill.

Upcoming GSQ Education Events

The Genealogical Proof Standard: Are your family history conclusions acceptable?

July 9 @ 9:00 AM - 11:00 AM AEST

Presenter: Charlotte Sale

Cast: Members \$20 Non-members \$30

Virtual via ZOOM

As family historians we want the information and stories we gather and the conclusions that we draw to reflect historical reality as closely as possible, otherwise our precious research is likely to be more fiction than fact. Learn how the Genealogical Proof Standard (GPS) can help ensure your family history is trustworthy and longstanding. Find out about the supporting standards, a set of sensible and practical guidelines for the processes we use in genealogy.

Researching the Tail End of England: Cornwall, Devon, Somerset & Dorset

July 16 @ 9:00 AM – 11:00 AM AEST

Presenter: Shauna Hicks

Cast: Members \$20 Non-members \$30

Virtual via ZOOM

This presentation looks at resources for these counties, with the focus on what's available online. Examples from the speaker's own family history will be used to demonstrate what can be located. There will be an opportunity for a Q & A with Shauna. [BOOK HERE](#)

GSQ Scanning Workshop

August 6 @ 9:00 AM – 11:00 AM AEST

Presenter: Ailsa Corlett

Cast: Members ONLY – \$15

Hands-on workshop – 6 people ONLY

The Epson scanner will scan 3 strips of 35mm colour or black & white negatives; 12 slides; 120mm size negative film; 3½ x 4½ glass plate or film; plus up to A4 size photographs.

The Fujitsu A4 Document Scanner makes it easy to scan up to 10 pages at one time.

The Lightbox is fun and very easy to make good copies of negatives or slides just using a Free/ payable App on your mobile phone. Also good for just seeing if that negative is going to be worthwhile to scan or not. [BOOK HERE](#)

Pictorial Power: finding and using images

August 13 @ 9:00 AM - 11:00 AM

Presenter: Stephanie Ryan

Cost: Members \$20.00 Non-members \$30.00

Virtual via ZOOM

In recent years there has been a sharp increase in what is available digitally. This includes documents, maps and photographs of people, places, objects and events which can bring a history or a story to life and into immediate focus. This presentation will look at what is available and where, and what needs to be considered in using this material.

Record of Daily Life in Ireland

August 23 @ 7:00 PM – 9:00 PM AEST

Presenter: Chris Paton

Cast: Members \$20 Non-members \$30

Virtual via ZOOM

Going beyond the basic resources that we can use to establish the genealogy of our Irish families, additional record sets exist that document their role and status in society, and often their fate.

In this session Irish Genealogist Chris Paton will look at the resources that can place our families in context, including, for example, freeholders lists and absent voters lists, the administration of the poor law and the role of the poorhouse in Ireland, and education records. [BOOK HERE](#)

A Gift that keeps on Giving: NSW State Archives Resources at SLQ

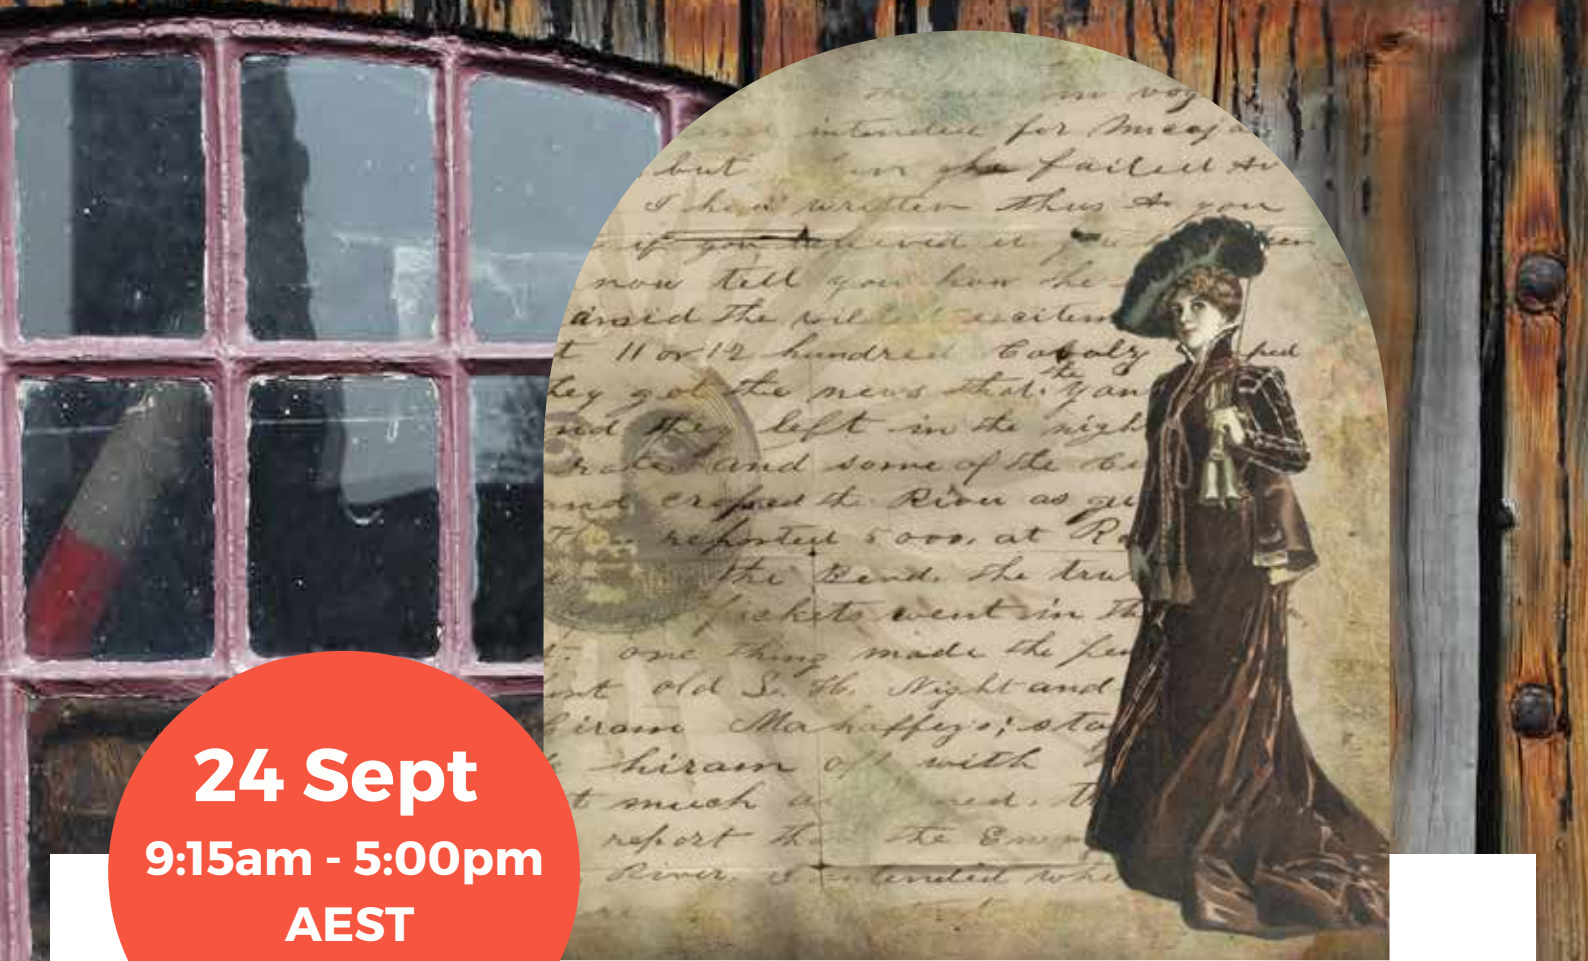

September 17 @ 9:00 AM – 11:00 AM AEST

Presenter: Jennifer Harrison

Cast: Members \$20 Non-members \$30

Virtual via ZOOM

Many researchers are aware of the SLQ's one-page listing of their holdings of material housed at the New South Wales State Archives. While this useful document enumerates the film numbers, any indication of their contents must be gleaned from various NSWSA guides, in books, on fiche, CDs or on-line sites. As a 'shut-down years' project, a much more comprehensive descriptive list has been compiled by this inveterate library-hound. [BOOK HERE](#)

Special Interest Groups

Subject to the restrictions regarding the Covid-19 situation, some interest groups will be holding their meetings at GSQ. There is a limit of 20 people attending the groups. Some groups are conducting virtual meetings through the use of the ZOOM platform.

Convict Connections Group

The next meeting for Convict Connections is on Sunday 14 August at Stackpole Street.

DNA Group

The last meeting of the DNA SIG was held Sunday 26th June. This meeting we had presentations designed to help beginner DNA researchers with their DNA results. Ailsa Corlett presented "Ok, I have my Results – Now What!!", Judy Lofthouse presented on Dana Leeds Method and Greg Carlill presented on WATO. There were 26 attending and lots of questions and help provided.

The next DNA Clinic is 31st August. If you need help with your DNA research email Judy Lofthouse at dna@gsq.org.au for an appointment with a suitable person. Also, if you're interested in learning more about DNA research email the same email for an invitation to our July meeting.

English/Irish Group

The English/ Irish Group will meet on Sunday 7 August at Stackpole Street from 10:00 AM.

The group met Sunday 5th June at GSQ's premises at Wishart. It was well attended with nine people present. The group decided we would like to have the meetings on an informal basis.

We thought future meetings should have the convenor presenting a list of new records relevant to Irish English research along with a member making a presentation on a county. First off at the August meeting Kim Davis is going to do a presentation on Ireland's County Limerick. The idea then will be that the meeting following (October) will feature an English county.

We then discussed member Bob Thompson ancestor William Thompson of County Cork. Bob didn't know much about William's Cork history, but we were able to give Bob some suggestions that may help. If members would like to discuss a problem ancestor and intend to be at the August meeting, please email the convenor (Kim Davis) at irisheng@gsq.org.au with the details and I'll forward that information to the members before the meeting.

The September meeting will be Sunday August 7th with the doors opening at about 9.30am and the meeting commencing at 10.00am. The doors will remain open till 2.30pm for member research.

Family History Technology Group

The Family History Technology Group will meet on Sunday 10 July via Zoom, this will be legacy meeting.

The FHTech SIG has now established itself and we are having sessions alternately between FTM and Legacy. The sessions are interesting and provide a forum for people to seek help and solve issues foreign to them. The sessions are collaborative and so far many of the participants have picked up hints and "how tos". There is never only one solution for a scenario and many people are finding other ways that are helpful to them.

Please feel free to join us. Email Graeme Moulton at fhtech@gsq.org.au. The next FHTech SIG session is 10th July via Zoom starting at 10:00 am for 2 hours. It is for Legacy users

Military Interest Group

The next meeting of the Military Research Group was due to take place on Sunday the 10th July 2022 at 12.30 pm. However, due to the lack of interest by GSQ members the Military Research Group will cease conducting meetings.

As the Military Research Group is a networking group that can help members discover information about military records for members interested in all conflicts in all eras, we will change our method of operation.

If you have a military ancestor and you have some questions regarding the conflict or units they may have served in or questions about the person themselves, you can contact the group convenor on militarygroup@gsq.org.au for one-on-one assistance.

If interest in the Military Research Group changes in the future, we will revert to our previous meeting system.

German Group

The meeting that was to be held at the GSQ premises on the 24th July 2022 is not going ahead at GSQ.

It was decided yesterday at the May meeting that the following will happen: the German Group would have some cultural enhancement and go to the **German Club at 416 Vulture Road South Brisbane for lunch on the 24th July 2022**, Interested people should contact Lesley Roebig at germangroup@gsq.org.au.

Special Interest Groups

Scandinavian Group

The next meeting is on 17 July. At this meeting of the Scandinavian Group we will talk about the latest news from the Scandinavian archives and internet pages.

Our meetings usually start at 12:30 pm except the May meeting which is always at 2:30 pm, because it coincides with the celebration of Norway's National Day.

We have an email group for people interested in hearing about our meetings and other news of interest. Email Steinar if you would like to be in the group.
scangroup@gsq.org.au

Writing Group

The next meeting is on Sunday 21 August via Zoom.

The Writing Group met on 22 June and read some interesting stories about how the weather impacted on our ancestors, and even our own lives. We read about cyclones, floods, lightning, fog and more. Australia certainly experiences some extremes.

Our next meeting is scheduled for 21 August and details will be in the August newsletter. Contact Pauline on pstirland@hotmail.com or writing@gsq.org.au if you would like to learn more.

Scottish Group

Our program of talks for the remainder of this year, will be as follows:

3 July: Angus County Records
4 September Guest Speaker (topic to be advised)
6 November: Tricks for Using Scotland's People

Over 100 booklets have arrived and are now available on the library shelves at GSQ for you to look through. These are in relation to the Lanarkshire County in Scotland and consist of Monumental Inscriptions; School Registers, and burial/mortcloth records.

To contact Alistair, email him on scotgroup@gsq.org.au

Monday Morning Natters

Monday Morning Natters is on Monday July 4 @10am (by Zoom)

It is American Independence day today. *Did any of your family members go to the US?* What made them go and what did they make of their lives there. If you think you don't have any relatives that went there look again as a lot of families had at least one family member go to the US. Has DNA turned up US relatives you didn't know you had? Come along to tell us what you found.

GSQ ZOOM Meetings

Monday Morning ZOOM for GSQ members only, starting at 11:00 AM AEST

We have had a great time in the last month with looking at various occupations held by either women or men over time. It was amazing what everyone's parents, grandparents etc did, let alone our Ancestors. Lots of trades like tailors; weavers; blacksmiths as well as for the ladies boarding house keepers; laundry workers; and dressmakers were very popular. We have also been going through some research problems that our regulars have. Sorting out just what a person's name really was even though family stories have him slightly different, all other records just had him

with the one name. Monday we are going to be looking at some German immigration records to see if we can locate the arrival of a lady whose surname can and was spelt many ways.

Lots to do and talk about via our Monday morning zooms. Each week at 11am apart from the 1st Monday of the month. Come and join Ailsa and Helen. Email mtzoom@gsq.org.au for us to send you the link.

Wednesday Night ZOOM, open to everyone & FREE starting @ 7:00 PM AEST

Get your friends to come along. Remember that the 2nd Wednesday and 4th Wednesday nights of the month are free for all to join. We have discussions about family history related topics.

Wednesday July 13

More of the Periodic table and this Wednesday it is gold. Gold mining brought many people seeking their fortunes and helped built some towns. Did you family strike it lucky or like many struggled to get a living from gold but turned their hands to other jobs needed in the goldfields-magistrates, vegie growers, grocery stores, pubs and many others. Did gold bring fortune to your family?

Wednesday July 27

Presenter for this month is author Judith Anderson

Judith's *Earning a Crust* is a unique combination of local, cultural, and family history which explores the lives of the men and women who worked in the baking trade in the

regional town of Warwick during the century after the town's establishment in 1861.

For Judith Anderson as a child, fresh bread was the smell of the morning. Born into a family of bakers in Warwick on Queensland's Darling Downs, she lived her first 18 years beside the Brown family bakery before pursuing higher education and a career which ranged from teaching, health education, and journalism to marketing, management, and the performing arts.

Get your friends to come along. Remember the Wednesday night ZOOMs are FREE and OPEN to anyone to attend. They start at 7pm until approx. 9pm. You do need to email us your name and email address to be placed on the list. You can attend either of the evenings or both. Please email Judy and Ailsa on wedpmzoom@gsq.org.au

Research Support and Chat for GSQ Members Only 1st & 3rd Wednesdays of each month starting at 11:00 AM AEST

Our Wednesday morning Zoom group meeting on 1 June 'Topic' gathering featured Sharyn Merkley who presented a PowerPoint on GSQ's mysterious Unrelated Certificates and the treasures to be found in this under-utilised collection. This collection has many copies of certificates from all over the world which have been donated by GSQ members, following the presentation attendees were asked how many had utilised the collection as there are thousands of indexed entries, it certainly is worthwhile logging into MyGSQ and checking out some of your surnames of interest. The following meeting on 15th we broke up into smaller teams to work on solving a very early Hunter region baptism.

Whilst not finding the person, we did locate a sibling and a link to many of the local parish registers which Sharyn is following up.

Our meetings are on the 1st and also the 3rd Wednesday of each month at 11am and usually go for about 90 minutes. Anyone is welcome to join us by emailing wedmorningzoom@gsq.org.au and ask to go onto the mailing list.

GSQ Notices

GSQ Facebook Page & GSQ Facebook Group

GSQ Facebook Page is a public page so you don't have to be a Facebook member to see what we post there. Each Monday we publish the GSQ Blog for the week and interesting genealogy news and articles from all around the world are published on the other days of the week.

Additionally, the GSQ Education program is published for the year, so we post the Events coming up in the next month or so. These presentation advertisements always includes a 'Find Tickets' button which takes you directly to the GSQ Events webpage for the particular event.

Feel free to Like or Follow us and also to leave a comment on any of our posts. Contact enquiries to Bobbie Edes on facebook@gsq.org.au

GSQFB was set up to provide a Facebook presence where GSQ members and non members can interact. We have had a Facebook page for a long time but only recently set up the new private group. Only the members of the group can see what you post. Here you can ask questions, and share your genie successes and frustrations. No question is too dumb; someone else will be pleased you asked. SIG leaders can post information and Library assistants can talk about their favourite resources too. It is an interactive space where you will also learn more about the resources GSQ has and how to continue your research. Here we will continue to build our GSQ community and encourage more to join us. You don't need to be a GSQ member to join the group. Do tell your friends about GSQFB but they must apply to join. To join the group, sign in to Facebook, use the magnifying glass to search for "GSQFB", and answer THREE questions. To create a shortcut to find GSQFB next time you log in to Facebook, on your home page you will see the option to "Edit Shortcuts" on the left side of your computer. Click this and follow the prompts.

If you have any questions then please email Rhoda at gsqfbgroup@gsq.org.au

GSQ Blogs

Our GSQ Facebook blogs began June with a story of *Finding Margaret* by Lorri Digney, telling about her long hunt for finding an elusive entity, crossed between the wonderful family loving young woman and femme de frustration whose surname was incorrectly notated from Croake to a Keogh. That was followed by Sue Bell tracking down her many ancestral family members with the Christian name of *Marmaduke* and finding that sometimes that unusual name was a bonus in the hunt. On 20 June we had a story by GSQ Blogs Editor, Bobbie Edes of another of the *Killyleagh Irvines*. This time it is telling the tale of Hugh Aitken Irvine, the bootmaker and storekeeper extraordinaire who founded a well known Wynnum department store.

Our last blog in June is by our GSQ Patron, Jennifer Harrison talking about *The Singing Flame: Destruction of public records*. Beginning with the very sad occurrence 100 years ago when the Four Courts building in Dublin was bombed.

As an add on to that story, our GSQ Facebook Page recently published an update of the release late June 2022 of the *Towards 2022*. This is a virtual recreation of the building and its records recovered worldwide since the project began a couple of years ago. Jennifer also talks about the destruction of the Garden Palace in Sydney in 1882 and the many records it held, a relatively unknown fact amongst Australian genealogists.

Our GSQ blogs are released early on each Monday morning and are also published on our GSQ Facebook Page and GSQ Facebook Group. This is a direct link to the blogs page: <https://gsq-blog.gsq.org.au/>

Research Projects Update

We are trying to create the documents that will ensure the relationship between GSQ Research Group, and our customers is clear and unambiguous. So far in the past few weeks we have had 8 separate projects to research or to complete data entry for. Some are from members and there are several commercial projects from England and Scotland.

We encourage anyone who wishes to help us with researching please let Graeme Moulton know at research@gsq.org.au .

We do not want all the work to fall on a few people. In time we will develop a package that shows what and how we need to present our research findings and we are looking at providing training to researchers who wish to help us when possible.

What's news – updates from the Genealogy Community ...

Beyond 2022: Ireland's Virtual Record Treasury online from 27 June 2022

Beyond 2022 is an all-island and international collaborative research project working to create a virtual reconstruction of the Public Record Office of Ireland, which was destroyed in the opening engagement of the Civil War on June 30th, 1922. The 'Record Treasury' at the Public Record Office of Ireland stored seven centuries of Irish records dating back to the time of the Normans. Together with their 5 Core Archival Partners and over 40 other Participating Institutions in Ireland, Britain and the USA, they are working to recover what was lost in the fire, including digitising the first population census of Ireland before the Famine.

On the centenary of the Four Courts blaze on 27 June 2022, the Virtual Record Treasury of Ireland will be launched online. Many millions of words from destroyed documents will be linked and reassembled from copies, transcripts and other records scattered among the collections of their archival partners. They will bring together this rich array of replacement items within an immersive 3-D reconstruction of the destroyed building. For full details, see the [Beyond 2022 website](#).

Charles Booth Maps in Colour

The British Library of Political and Economic Science has digitised hand-coloured versions of Charles Booth's London poverty maps online [HERE](#).

TheGenealogist

TheGenealogist has released almost 60,000 records from the 1851 Dublin City Census Index. This new release will be a great aid for those researchers with ancestors who may have been living in Ireland's Capital City on 30 March 1851 at the time when the census was taken.

Researchers will find the Index to the 1851 Dublin census to be a wonderful tool for anyone searching for people in Dublin city in the mid-nineteenth century. It provides the names and addresses of approximately 59,000 heads of household and was compiled by Dr D A Chart.

FREE Family History Webinars from Legacy Family Tree

What is the cost: There is no charge to register and view the live webinar. However, the recording is available to view for the next 7 days - for free! Watch it as many times as you would like, pausing and taking notes, during the free viewing period.
