## **Welcome to May eNews**

#### A MESSAGE FROM THE PRESIDENT

May is National Volunteers Month.

Firstly I would like to express my deep appreciation to all of those who work for GSQ in a voluntary capacity. It is you who keep the well oiled wheels of GSQ rolling!! A special Volunteers' Morning Tea is to be held on Saturday, 14 May, 2022, commencing at 10.00am at our premises at Wishart – the inaugural Margaret Coleman Award will be presented on this day – it's an award which will recognise one special volunteer and has been set up by Margaret's family in her honour.

Thanks to all who have already registered for the **Members' Meeting** to be held via Zoom on Tuesday, 3 May 2022, commencing at 7.00pm. If you would like to attend, please email

<u>president@gsq.org.au</u> and a Link for the meeting will be forwarded during the day on 3 May.

A reminder that our premises will be once again **open for research on Wednesdays**, commencing on Wednesday, 4 May. Just another sign of returning normality!!

Mothers' Day Vouchers in 2 denominations are now available on GSQ website. Many thanks to Helen Connor for her work on these Vouchers.

GSQ is still seeking a volunteer to take on the responsibility of "TAG on the ground" – this person would be responsible for keeping our computers at GSQ operating well.

Obviously, you need a knowledge

of computers and be in a position to travel to GSQ, should the need arise – at least some of the work can be

done remotely. (A more detailed description of requirements for the position appears elsewhere in this edition of eNews.)

## **Research Spotlight**

(The following article has been supplied by member, Laurie Kerr, who was very excited about a discovery made by some GSQ members for him.)

I've always been proud of my Kerr Scottish heritage! My dad along with one of his brothers born in Brisbane and four elder brothers born in Scotland would sing together in perfect harmony to the accompaniment of their uncle John's fiddle at reunions. At the end of one of these days the piper, great uncle Alf or a member of the Brisbane Caledonian Pipe Band blasted us with Auld lang syne. As a child, for me this was a rare but unforgettable experience. But my Scottish KERR heritage was soon to be shattered.

A family friend Geoff Michie's research into the journey of my KERR family from Scotland to Queensland revealed a fact that quite shockingly blew away my paternal surname KERR. My greatgreat grandfather was Robert PATON b.1820 in Paisley Scotland. He was a shoemaker who married Margaret Kerr b.c1819, a weaver. They had two children, Margaret Paton b.1847 then Robert Paton b.c1849. Young Robert's mother appears to have died shortly after his birth, though no record of her death has been found. At some point after the 1851 Census, Robert Paton incorporated his mother's maiden name into his own, changing his name to Robert Paton Kerr. Robert Paton KERR is missing from Scottish records until his marriage in Paisley in 1873. Robert's elder sister Margaret Paton did not adopt the name Kerr but lived

with her grandparent Kerr's household until her marriage in 1871.

So where was Margaret Paton's brother Robert Paton KERR between 1851 and 1873 and how did he come to be a music teacher and piano tuner coming from families of shoemakers or weavers? Why did Robert adopt the

> "THE MYSTERY SOLVED"

KERR surname while his sister Margaret did not, living with the Kerr family as granddaughter Margaret Paton?

I started my own research, joined GSQ and Renfrew Shire Family History Society, then booked a flight to Glasgow airport just a short drive from Paisley and the homes of my ancestors. The trail led to Northern Ireland but several years later I still could not answer these questions, so I engaged GSQ to help with the research and was well rewarded by the information uncovered by Jan Bimrose, Sally Romano and Bobbie Edes.

The researchers looked closely at Margaret Kerr's siblings and focused on Londonderry, Northern Ireland. They consulted newspapers and public records such as business directories. An 1870 Londonderry

business directory lists Hugh Kerr (photographer) and William Kerr (Music Warehouse). Margaret Kerr's younger brothers were William b.c1828 and Hugh b.c1835. Robert Paton Kerr's maternal uncles were established in Northern Ireland and further research linked Robert Paton Kerr with them.

A newspaper article in 1859 reports a musical evening that included Master Robert Kerr singing in a duet as part of the musical event. The lead accompaniment was provided by a Mr. Kerr (possibly conducting or on piano) assisted by violin. Master Robert Kerr would have been 10 years old when he sang his part of the duet.

An advertisement in 1866 announces to Derry Mr William Kerr's sixth annual concert, William conducting and his brother Hugh to sing 'a few Scotch Serio-Comic songs'. In 1868 Robert P Kerr returned to William Kerr's 'Pianoforte Stationery and Music Warehouse' in Londonderry as a qualified piano tuner with experience from London and Glasgow pianoforte makers. In 1870 Robert Kerr is listed performing with William and Hugh Kerr. Then in 1873 an announcement is published by R.P. Kerr that he has 'taken over the Pianoforte and Music Wareroom business 'in all its branches'. Robert Paton Kerr was married in Paisley Scotland just a few months later in 1873 and the story of a failing business in difficult times begins.

#### **Special Interest Groups**

#### **Scandinavian Group**

**The next meeting is on 15 May.** At this meeting of the Scandinavian Group we will talk about the latest news from the Scandinavian archives and internet pages.

Our meetings usually start at 12:30 pm except the May meeting which is always at 2:30 pm, because it coincides with the celebration of Norway's National Day.

We have an email group for people interested in hearing about our meetings and other news of interest. Email Steinar if you would like to be in the group. scangroup@gsq.org.au

#### **Writing Group**

#### The next meeting is scheduled for Sunday 19 June.

The Writing Group met on 17 April; a shorter meeting than usual due to Easter. We considered how entries in personal diaries and letters can help us learn more about our ancestors. Our discussion was informed by an activity to write a brief personal diary entry about a date of our choosing. Diaries were often kept by women and can reveal details of their lives that are missing from the public record.

Details of our next meeting will be provided in June eNews. The Group welcomes new members. Contact Pauline on <a href="writing@gsq.org.au">writing@gsq.org.au</a> if you would like more information.

#### **GSQ ZOOM Meetings**

#### Monday Morning ZOOM for GSQ members only, starting at 11:00 AM AEST

April has been one of those months in which we have only been able to meet twice, due to Easter and Monday Morning Natters.

We have had a wonderful day today 25<sup>th</sup>, in talking about just one person who was involved in some sort of conflict or battle that we know about. Not necessarily associated with WW1 or 2, but even devastating stories that Gayle had discovered about a family buried in the South Brisbane Cemetery – wife had lost husband and then 3 sons to war. How hard that would have been to deal with and there were lots of families affected that way. Information on the Light Brigade, and the survival of many that were at Gallipoli and Passchendaele. Conflict has always been

with us throughout the centuries, and we all wonder why as human beings this occurs. I talked about the Battle of Flodden which occurred 9<sup>th</sup> Sept 1513 of which thousands of lives were lost – mostly Scottish.

**Next Monday Zoom meeting will be May 9**th in which we will discuss "*Nursery Rhymes*" – also a fascinating topic. Do you know the meaning behind many of the rhymes we used to sing as a child – like "*Ring around a Posy*" of which is talking about the Black Plague.

Come and join us that morning to find out more and join in the fun of finding out about things we did not know before. Email <a href="mailto:mtzoom@gsq.org.au">mtzoom@gsq.org.au</a> if you want to be included on the list.

## Wednesday Night ZOOM, open to everyone & FREE starting @ 7:00 PM AEST

Get your friends to come along. Remember that the 2nd Wednesday and 4th Wednesday nights of the month are free for all to join. To attend apply to get the link. Just send an email to wedpmzoom@gsq.org.au before the day so you can be sent the link. We have discussions about family history related topics.

**Wednesday May 11** More of the Periodic table and this Wednesday it is iron. Were your ancestors iron miners, blacksmiths, nail makers, farriers, timber getters or perhaps spent some time in iron chains? Did they suffer anaemia (lack of iron) or haemochromatosis (too much iron)? Think about all the ways iron could have been important in their lives. Do you have any more connections with iron?

**Wednesday May 25** Our presenter for this month is Col Sutcliffe and he will be speaking about – The Bollon Diaries. Bollon is a very small town on the edge of the Wallam Creek, between Cunnamulla and St George. It currently has a population of 221.

Col was a teacher and Principal of a number of State Primary and Secondary schools and Foundation Principal, Charters Towers School of Distance Education.

Col was awarded the Medal of the Order of Australia (OAM) in 2019 for Services to the community and education.

Get your friends to come along. Remember the Wednesday night ZOOMs are FREE and OPEN to anyone to attend. They start at 7pm until approx. 9pm. You do need to email us your name and email address to be placed on the list. You can attend either of the evenings or both. Please email Judy and Ailsa on <a href="mailto:wedpmzoom@gsq.org.au">wedpmzoom@gsq.org.au</a>

## Research Support and Chat for GSQ Members Only 1st & 3rd Wednesdays of each month starting at 11:00 AM AEST

During the 6 April Wednesday morning Zoom gathering, the topic title was 'Buying sites for family history memorabilia' when Bobbie did a presentation on where to look for that more elusive genealogy information, be it books, postcards with scenes, family history charts or whatever. There is an great array of "stuff" out there and it pays to think laterally at times.

At our meeting on 20 April the group initially considered the latest option of spending the funds paid by them through the SIG's 'Gold Coin' account system. This is still a 'work-in-progress' and will be put to Management in the near future. Following that there was a lengthy discussion by the group

on things coming up and books recently read, we tackled a Challenge set by Bobbie to find one of her ancestor's siblings who was a 9 yr old orphan during the 1841 census. It is particularly hard to pin anyone down definitively in this census and the assistance given by the individual groups was appreciated and will be followed up.

Our meetings are on the 1st and also the 3rd Wednesday of each month at 11am and usually go for about 90 minutes. Anyone is welcome to join us by emailing <a href="mailto:wedmorningzoom@gsq.org.au">wedmorningzoom@gsq.org.au</a> and ask to go onto the mailing list.

#### GSQ Facebook Page & GSQ Facebook Group

GSQ Facebook Page is a public page so you don't have to be a Facebook member to see what we post there. Each Monday we publish the GSQ Blog for the week and interesting genealogy news and articles from all around the world are published on the other days of the week.

Additionally, the GSQ Education program is published for the year, so we post the Events coming up in the next month or so. These presentation advertisements always includes a 'Find Tickets' button which takes you directly to the GSQ Events webpage for the particular event. Feel free to Like or Follow us and also to leave a comment on any of our posts. Contact enquiries to Bobbie Edes on <a href="mailto:facebook@gsq.org.au">facebook@gsq.org.au</a>

**Did you know that GSQ now has an active & informative Facebook group?** We have had a Facebook page for a long time but only recently set up the private group. Only the members of the group can see what you post. Here you can ask questions, share your genie successes and frustrations. No question is too dumb – someone else will be pleased you asked. SIG leaders can post information and Library assistants can talk about their favourite resources too.

You don't need to be a GSQ member to join the group. Do tell your friends about GSQFB but they must apply to join. To join the group, sign in to Facebook, use the magnifying glass to search for "GSQFB", and answer THREE questions. To create a shortcut to find GSQFB next time you log in to Facebook, on your home page you will see the option to "Edit Shortcuts" on the left side of your computer. Click this and follow the prompts.

If you have any questions then please email Rhoda at <a href="mailto:gsqfbgroup@gsq.org.au">gsqfbgroup@gsq.org.au</a>

#### **GSQ Blogs**

Our April GSQ Blogs got off to an amazing start with popular blogger, Jill Ball putting to the readers the various ethical, moral and legal considerations when interacting in our genealogy world. This was a follow-up to her interesting discussion at RootsTech 2022 and the blog titled 'Genealogy for all' brought forth many comments congratulating Jill on bringing the issues to our readers.

The following week we featured regular blogger, Janice Cooper's 'A lonely grave' a story about one of her ancestor's very sad life. On 18 April Sharyn Merkley wrote more about 'The French connection' of her great-grandmother, Evelyn Rose Boulton; and lastly for April on Anzac Day itself we

had Bev Murray writing about her great-uncle, 'In Memory of John Russell Figgis' who did survive Gallipoli and after the war finished, returned to Australia with his life long war injuries.

We have a great team of bloggers from around the country with overseas guest writers as well, and invite all to read through the weekly blogs, and to feel free to comment. The blogs are released early on each Monday morning and are also published on our GSQ Facebook Page and GSQ Facebook Group. This is a direct link to the blogs page: https://gsq-blog.gsq.org.au/

#### **Update on research spotlight**

So, Laurie's big mystery was solved through having a different set of eyes (three sets actually) look at, research and discuss the possibilities!! Most family historians will come across a "brick wall" type of situation at some stage in their research. That's where the fun lies!! If you find that you're just not getting anywhere on your own, GSQ offers a number of possibilities:

- Come to our Resource Centre on one of the days we're open for research (every day, except for Sundays and Mondays) – a Research Assistant, or another member, may help you locate something to assist in breaking down the Brick Wall;
- Participate in a Zoom Meeting held on Mondays (11.00am – 1.00pm) and Wednesdays(11.00am – 12.30pm);
- Attend a Special Interest Group meeting for your Brick Wall area;

Contact <a href="mailto:research@gsq.org.au">research@gsq.org.au</a> and ask for our researchers to help you. You will have to pay to have research done in this way, but it could be worth paying for.

## What's news ...

#### From The National Archives UK

Following on from the release of the 1921 census TNA has a couple of interestings things happening.

Firstly, a blog post about the <u>1920s</u> <u>fashion and design</u>. This will help in dating photos.

Secondly, in the Podcast, *The 1920s:* beyond the roar, historian Kate WIlliams looks at the era's tensions and shifting values. The episode discusses how social progress and a spirit of innovation coexisted alongside immense poverty and unrest.

Explore the latest exhibition from home with a <u>special highlights tour</u> of the 1920s exhibition. Using the 1920 census as its keystone, the

exhibition rebuilds the world of the 1920s through the lens of the TNA collection, drawing on wide ranging records including international peace treaties, textile samples and lonely hearts ads to explore key moments from the decade, from the public to the personal.

This is an opportunity for family historians to gain an insight into the time period.

## From Genealog's Star blog Is Microfilm Really Dead?

The announcement by FamilySearch. org that all of its 2.4 million rolls of microfilm have been digitized does not begin to herald the end of microfilm.

The microfilm collection held in the Granite Vault and available in the Salt Lake Family History Library isn't going away anytime soon. Many researchers need to check the microfilm when the digital copies are unreadable or missing pages (yes, this does happen).

## Organised Genealogy ...

#### Strategies for "Recharging" Your Genealogy Research

In a perfect world, your genealogical research would take after the Energizer bunny—you'd cheerfully march along, adding generations and making new discoveries with every beat of the drum.

Your reality, however, probably isn't a never-ending parade of pedigree progress. More likely, you have at least one family line that, instead of marching on and on like that motorized rabbit, smacks into a wall and gets stuck there until the batteries die.

Maybe your ancestral obstacle isn't really a brick wall—perhaps your genealogical batteries just need a jump-start. Try these 12 proven methods to recharge your research, and you'll keep going..

- 1. Find Original Records
- 2. Revisit Records
- 3. Use a Checklist
- 4. Write Your Family History
- 5. Google Your Ancestor
- 6. Research Neighbours and Associates
- 7. Consult County and Local Histories
- 8. Read a State or County Guide
- 9. Attend a Seminar, Institue or Conference
