

Welcome to February 2023

Welcome to this first edition of eNews for 2023. I trust that you've had a safe, healthy and restful time during the period GSQ has been closed and I wish you many happy and fruitful searches for 2023.

At the recent Management Committee meeting a decision was made to conduct the **first Members Meeting for 2023 (via Zoom) on Thursday, 9 February, commencing at 7.00pm.**

The Management Committee has already devised the beginnings of the Agenda, but we'd like all members to have the opportunity of contributing to the Agenda. If you'd like to do this, please contact me by emailing president@gsq.org.au **no later than Friday, 3 February 2023.** All members will then be forwarded the Link and the Agenda for the meeting in plenty of time to be able to participate. Items already listed are: Looking ahead for GSQ - possible Rebranding and a new Constitution, the continuing search

for a new Property and the offer of conducting History Queensland's Biennial Family History Conference in 2024.

Media reports relating to possible changes in funding for TROVE have worried the Management Committee. Letters are currently being drafted to be sent to various Government and other representatives on behalf of GSQ.

Beginning very soon, plans are afoot to have GSQ members visit various facilities and groups to show what GSQ is all about. If you'd like to be part of this strategy, please contact me at president@gsq.org.au.

By the time you read this, you will have received a communication devoted to the Margaret Coleman Award for 2023. I urge you to reflect on your choice and respond by the due date – a reminder that members of the Management Committee are ineligible to receive the Award.

As part of her role as Membership Officer Kerry Beeton phones many members for a variety of reasons. Thanks, Kerry for the wonderful job you do of managing Membership for GSQ and "for going that extra mile". Kerry has reported that quite a few members have advised that they do not know how to use Zoom. There is no doubt that one thing that COVID did for GSQ was to hasten the use of online Meeting platforms and Zoom, in particular. If you are unsure as to how to access Zoom, then you're certainly missing out on quite a lot of what is available to members. If this relates to you, I urge you to contact me on president@gsq.org.au and I, or another GSQ member, will assist you.
Helen Vievers
President

Nominations for Margaret Coleman Award 2023

The inaugural Margaret Coleman Award was presented during Volunteers Week in 2022 with the very deserving winner being Ailsa Corlett. It's now time for GSQ members to reflect on who should be the winner of this prestigious award in 2023. The winner's name will be engraved on the perpetual glass trophy held at GSQ and the winner will receive a beautiful glass clock engraved with appropriate details. The Award was instigated in 2022 by members of Margaret Coleman's family who wished to commemorate Margaret's love of and work for GSQ. The winners' name will be announced at a Morning Tea organised for GSQ Volunteers during National Volunteers Week (15 - 21 May, 2023).

I am requesting that members forward the name of a deserving GSQ volunteer to me by emailing president@gsq.org.au with **the information to reach me no later than 15 February 2023.** In accord with the guidelines established for this Award current members of the Management Committee are ineligible for nomination. (Should you be unable to provide the information via email, a letter posted to President, Genealogical Society of Queensland at PO Box 1467, Carindale 4152 or hand delivered to GSQ will be very acceptable.)
Helen Veivers
President, 26 January 2023

Half-year Financial Report: 31 December 2023

I thought the turn of the calendar year was a good opportunity to brief you, the members, on the financial aspects of GSQ. This report does not contain details of total dollars, a Year to Date (YTD) update of these are available in MYGSQ which you will need to log in to view. What I can do is be descriptive about trends.

By nature, the annual budget produced for GSQ is conservative. It reflects all known costs and estimates revenue and other costs. The overall performance for the YTD shows that we are 456% better off than we budgeted for. Yes, I did say 456% !!!

Revenue: All revenue streams, except Bookshop, are greater than budget. Some areas that are worthy of comment are: Fundraising – the principal contributor being the Bunnings BBQ's and we do thank Bob Dean for leading that project

(Bob always grabs, where he can, spare slots at Bunnings); Education- is proving to be a good money earner and thanks go to Marg Doherty and all her committee for the continued great work in creating worthwhile events; Membership - although steady in numbers it has generated more income YTD; Research – although the “new kid on the block” is developing into a good money stream with consistent local and overseas enquiries.

The Bookshop is the only revenue stream that has not reached budget and the shortfall is only 12%. As you will be aware GSQ went close to closing down its bookshop last year but thanks to Karma Hodgson stepping into the Coordinator's role we have high hopes for it in 2023.

Overall Revenue is running 37% higher than budget for the year. Cost of Sales

have bitten into this marginally and our Gross profit is 33% above budget.

Operating Expenses: Overall our Operating Expenses are 10% higher than budget. The two principal areas of additional cost are: Electricity – I think all members will have recognised the national dialogue on this topic; Legal Fees – a number of areas including compliance with the Privacy Act and Copyright of IT programs have caused GSQ to seek professional advice, fortunately this is being provided at NFP rates.

As members we must be exceedingly grateful for all those volunteers who contribute their time and their energies to ensuring that GSQ has continuing income streams, apart from membership fees, and continues to be financially stable.

David Barnes – Treasurer 21st January

Joan Reese Memorial Short Story Competition

The 2023 Joan Reese Writing Competition provides a cash prize to the value of \$100. This prize is partly funded by the GSQ Writing Group, as a way to encourage members to write up the results of their research.

The topic for 2023 is “*A Love Story*”. Love can take many forms. Write a family story which focuses on a love story. Does the story reveal the love between ancestors or maybe it was the love that an ancestor had for community, place, a treasured heirloom, a garden, a pet? What was the significance of this love to your family? The meaning should be clearly explained and its significance to your family shown. GSQ welcomes inclusion of a relevant photo or photos that help to support your story and looks forward to reading your stories.

Deadline for submissions

Entries must be received no later than **2 May 2023** (no entries will be accepted after that date).

Entries to be emailed to info@gsq.org.au with “*Joan Reese Memorial Short Story Competition*” in the subject line.

My Ancestor was a Liar: Sifting through the evidence to find the truth (or what passes for the truth in the world of genealogy) is a skill which all serious family historians need to develop. As we become more experienced we find that they had any number of reasons to be economical with the truth.

Special Interest Groups

Subject to the restrictions regarding the Covid-19 situation, some interest groups will be holding their meetings at GSQ. Some groups are conducting virtual meetings through the use of the ZOOM platform.

Colonial & Convict Connections Group

The next meeting for Colonial & Convict Connections is on Sunday 12 February at Stackpole Street.

English/Irish Group

The English/ Irish Group will meet on Sunday 5 February at Stackpole Street from 9:30 AM.

The next meeting of the English Irish SIG will be Sunday 5th February at GSQ's Wishart premises. The doors will open at 9.30am with the meeting commencing at 10.00am. GSQ will remain open for personal research till 2.30pm if members decide to stay on after the meeting.

The February county presentation will be on the English county of Wiltshire.

If you have English and or Irish ancestors, this is the SIG for you. Do you have a bit of an Irish or English (or both!!) brick wall? Bring the problem ancestors with you – the group may be able to make some suggestions that may at least knock a brick off the wall, if not the entire wall!

I look forward to seeing everybody on the 5th February 2023 – the first meeting of the new year.

Convenor, Kim Davis irisheng@gsq.org.au

Do you access any of GSQs Special Interest Groups (SIGs)? If not, why not? The groups are friendly spaces where members can share experiences of their research, learn from each other and have a cuppa with like-minded people.

If you have questions about any particular SIG, contact the convenor on their GSQ email for more information. They will be more than happy to answer any group related questions.

Special Interest Groups

Family History Technology Group

The FHTech group will meet on Sunday 12 March via Zoom @10:00 AM

The FHTech SIG is active and everyone who attends becomes involved. It is a forum to discuss any issue about your computer, the clouds (what are they?), ways of managing your computer files and any other technical issue you can think of. We often discuss features about Legacy and Family Tree Maker. However, at last session we reviewed "Family Historian" program. The latest version has just become available, and everyone agreed that it is a very impressive product

The intention of our group is to learn skills from other people. There is no right way in most cases, so to find out how to do something new is a good feeling. The next session is 12th March starting at 10:00 am. Normally our session is the second Sunday of the month. If there is an issue you would like to discuss please drop me an email and we will include it in the session. Everyone who is on our mailing list will receive a communication prior to session. Those of you who are not on the mailing list but would like to be send Graeme an email at fhtech@gsq.org.au

Scottish Group

The next meeting is Sunday 5 March at GSQ and via Zoom.

Our January group meeting was our Hogmanay meeting, with members bringing plenty of delicious Scottish food (and whisky) to share. A most enjoyable meeting.

Our books from Stenlake Publishing in the UK had arrived, and there are quite a number of new books available in the library. The Stenlake books feature plenty of old photographs of places throughout the UK, particularly Scotland, and offer a rare chance to find a photograph of your ancestor's home and environment.

The Scottish Group is planning a joint ZOOM meeting with Glasgow & West of Scotland Society. The meeting will enable our members to directly ask questions of their Glasgow colleagues, and vice versa. The meeting date will be advised shortly, but any questions for the Glasgow Society may be sent in now in preparation.

Our meeting and talk schedule for 2023 and it is as follows:

5 March	East Lothian (Mike Boyd)
7 May	Ross & Cromarty (Ailsa Corlett)
2 July	Aberdeenshire County (Stuart Neill)
3 September	Peeblesshire (Marie Rosborough)
5 November	Caithness (Alistair Henderson)

Contact Alistair on scotgroup@gsq.org.au.

Help Needed: Speaking to Groups at Retirement Villages

A list of Retirement Villages within a reasonable distance of GSQ has been compiled and we are seeking members to visit these facilities to talk about GSQ – what we do, where we're situated, what GSQ offers, how fascinating the exploration of one's Family History can be etc. You will be provided with guidance and a Handout.

If interested in joining the group to contribute to GSQ in this way, please contact President, Helen Veivers at president@gsq.org.au

Research Update

We have completed most of the administration issues required for the management of the group. We have developed a good quality research report template with considerable help from Janice Cooper. Thank you Janice for your advice and patience. We have spent a lot of time developing the Management tool. It now keeps track of the researchers, customers, and projects. We have generated several reports but can develop more as required. A new enhanced eResearch Request Form is being developed. We need to modify the website to allow members and non-members access to this research request. We already have the schedule of rates on the website so it would be practical for any web visitor to access it.

We have previously mentioned our training program. This kicks off in February with most of the researchers attending the "Digging Deeper Program". The next component of training will focus on customers service and researching protocols.

There is still room for more researchers to join us. If you would like to help and bring revenue into GSQ, please contact Graeme Moulton at researchconvenor@gsq.org.au

GSQ Facebook Page & GSQ Facebook Group

GSQ Facebook Page is a public page so you don't have to be a Facebook member to see what we post there. Each Monday we publish the GSQ Blog for the week and interesting genealogy news and articles from all around the world are published on the other days of the week. Additionally, the GSQ Education program is published for the year, so we post the Events coming up in the next month or so. These presentation advertisements always includes a link which takes you directly to the GSQ Events webpage for the particular event. The Events on the page for the first couple of weeks of February begin the 10am Thursday morning 'Digging Deeper in Family History' multi-week course. This is a worthwhile commitment for any genealogist to make to enhance their family history knowledge. There is also a 7pm Tuesday night presentation by Dave Annal 'My ancestor was a liar: sifting through the evidence'.

Feel free to Like or Follow us and also to leave a comment on any of our posts. Contact enquiries to Bobbie Edes on facebook@gsq.org.au

GSQFB was set up to provide a Facebook presence where GSQ members and non members can interact. We have had a Facebook page for a long time but only recently set up the new private group. Only the members of the group can see what you post. Here you can ask questions, and share your gene successes and frustrations. No question is too dumb, someone else will be pleased you asked. SIG leaders can post information and Library assistants can talk about their favourite resources too. It is an interactive space where you will also learn more about the resources GSQ has and how to continue your research. Here we will continue to build our GSQ community and encourage more to join us. You don't need to be a GSQ member to join the group. Do tell your friends about GSQFB but they must apply to join. To join the group, sign in to Facebook, use the magnifying glass to search for "GSQFB", and answer THREE questions. To create a shortcut to find GSQFB next time you log in to Facebook, on your home page you will see the option to "Edit Shortcuts" on the left side of your computer. Click this and follow the prompts. If you have any questions then please email Rhoda at gsqfbgroup@gsq.org.au
